## TRADES ASSEMBLY.

A Lively Meeting of the Labor People Yesterday.

VARIOUS MATTERS WERE DECIDED.

New Delegates Admitted—Investigation of a Hod Carriers' Union Ordered—The Typographical Union's Report on an Unfair Office. The Proposed Labor Congress—Finance Committee Reports.

The Ohio Valley Trades and Labor Assembly held a regular semi-monthly meeting at Trades Assembly hall yesterday afternoon, which was attended by about the usual number of delegates. President Richard Robertson in the chair and Secretary Saulsbury at the desk. New delegates obligated were as follows:

Garfield Assembly, K. of L., No. 1721 (cigar makers)—John Hughes and George Yaus.  
A. F. G. W. U. (glass workers), No. 9—C. H. Bryson.

One of the colored hod carriers' union delegates reported that there are differences existing between his union and the white carriers' union, and that a strike is imminent. The claim was made that the white workmen have been working at twenty cents an hour. The organization committee will investigate the matter and report to the assembly at the next meeting.

AN UNFAIR OFFICE.

Typographical Union No. 79 made a detailed report regarding the differences existing between the printers and the proprietors of the *Corner Stone*. The committee reported that a number of the advertisers in that paper had been seen and told that the office was run "unfair." Several had withdrawn their advertisements, but two had refused to do this, stating that they had yearly contracts. One of these latter had said: "If the printers' union made a fight against him, he would spend every dollar he had and break up in business before he would withdraw his advertisement." The printers requested that the arbitration committee act in conjunction with the local committee in furtherance. The request was granted.

Local Union No. 84, Musicians' Protective Union asked for jurisdiction in this section. The matter was referred to the organization committee.

A LABOR CONGRESS.

A communication from the Sioux City typographical union was read. It is in reference to the formation of a labor congress, something on the order of the various business organizations like boards of trade, chambers of commerce, etc. It is proposed that the American Federation of Labor take hold of the details of the scheme and settle the basis of representation. The communication was received and filed. One of the principles of the proposed congress is as follows:

"The duty of said congress shall be to ascertain the actual amount of cash necessary in the construction and operation of our railroads and other corporate work; and as to the tariff question, to appoint a committee to ascertain the cost of all raw materials, also the cost of manufacturing the same into the different articles to which it belongs; to ascertain the amount of labor performed by the American mechanic as compared by the mechanics of foreign countries, etc."

FINANCES.

The finance committee of the assembly reported for the past three months as follows: Receipts, \$820 17; expenditures, \$110 75; balance on hand, \$509 42. The report was received and accepted.

Trouble was reported at Kasly's mines, and the arbitrator was instructed to investigate and do all in his power to settle existing differences.

The balance of the session was taken up in the consideration of a communication received from foreign born workmen at the Ohio Valley China Company, the examination of the men who were present, and ways had means to re-open the case before the secretary of the treasury. A detailed report will be found in another column.

Reed at the Casino.

A Sunday paper stated that the Elks had not closed with Roland Reed for his engagement here to open the Wheeling Park casino early in June, but that they were contemplating having an opera company as the attraction. As stated in the INTELLIGENCER the contract with Reed was made two weeks ago, and he will undoubtedly be here with his company as the casino's opening attraction.

"Six days shalt thou labor," says the great lawgiver. To do good work, man must be at his best. This condition is attained by the use of Ayer's Sarsaparilla. It overcomes that tired feeling, quickens the appetite, improves digestion, and makes the weak strong.

THE G. A. R. BUGLE  
Will Soon Sound the Assembly for the Parkersburg Encampment.

Saturday evening the local posts of the Grand Army held a well attended meeting at which it was decided with practical unanimity that the rate of \$2 80 for the round trip offered by the Ohio River Railroad Company for the round trip to the Parkersburg encampment of the West Virginia department, G. A. R., be accepted. The idea of chartering a steamboat for the trip to Parkersburg was abandoned on account of the time that would be consumed going and returning.

The indications are that there will be a great crowd from Wheeling at the Parkersburg encampment. Commander Kirk, of the Parkersburg post, has announced that great efforts are being made to make the encampment an all-around success. The ladies' sections of the G. A. R. meet at Parkersburg at the same time, April 25 and 26, and quite a delegation from Wheeling will go with the soldier boys. The Sheppard, Sand Hill and Wellsburg posts will start from Wheeling in order to avail themselves of the \$2 80 rate, which is better than is offered from any other part of the state. The other towns are doing considerable kicking on this account.

J. W. Holliday post, of this city, is now the largest in membership in the state, and on Wednesday evening will exemplify the work with a team.

Augustus Sutherland, of Lynn, Mass., coughed up a bullet recently, it is said, that has been lodged in his neck ever since the war.

**IT'S A LEAP IN THE DARK,** usually, when you set out to get "something for your blood."

Dr. Pierce's Golden Medical Discovery gives you a proof. Its makers say that as a blood-purifier, flesh-builder, strength-restorer, if it isn't the medicine for you, they'll return the money.

It's guaranteed to cure or refund, in the worst Skin, Scalp and Scrofulous Affections.

Noted, Lincoln Co., N. Mex.  
Dr. R. V. PIERCE: "Sir—I have a boy who was a solid mass of sores over his arms and legs and back from the time he was six months old until he was five years old. I gave him Dr. Pierce's Golden Medical Discovery and Pleasant Pellets. He has been well now for over two years. Four bottles of Dr. Pierce's Golden Medical Discovery made a real cure of him."

Respectfully yours,
